Program: BScEng in Civil Engineering

18 December 2023

Dear Sphamandla Masondo

DEAN'S MERIT LIST 2023

On behalf of the Faculty of Engineering & the Built Environment I would like to congratulate you on having qualified for inclusion in the Dean's Merit List.

The Dean's Merit List honours students who perform consistently and exceptionally well during the year in the pursuit of their academic goals. The criteria for inclusion are demanding (see below) and only a limited number of students are recognised in this way. Your achievement is something of which you can be justifiably proud, and it will be reflected on your University transcript.

To be eligible for the Dean's Merit List a student must pass the prescribed courses for which they are registered for the year in question; a student registered for a four-year degree must be in the first, second or third year of study; and a student registered for a three-year degree must be in the first, or second year of study. The Dean's Merit list carries no financial award.

The criteria for inclusion are as follows:

- an ASPECT student who commenced studying in 2023 must have earned 96 or more credits of approved coursework and obtained an average of not less than 75%;
- an ASPECT student who commenced studying in any other year must have earned 110 or more credits of approved coursework and obtained an average of not less than 70%
- a student in any other undergraduate programme must have earned 132 or more credits of approved course work for the year and obtained a year average of not less than 70%.

Congratulations on this achievement and well done on your performance thus far. I applaud your commitment to excellence and wish you continued success with your studies.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'AL'.
